IMPORTANT RULES TO HELP YOU ENJOY THE WEEKEND

All Yas Marina guests are subject to the Marina's rules and regulations and the Formula 1 supplemental marina rules and regulations (Vessel owners and operators are requested to provide their guests with the same). We anticipate as many as 15,000 Yas Marina guests per day of the event. With that many guests, it is critical that the following procedures be upheld to maximize everyone's security and enjoyment throughout the weekend.

- Once berthed at Yas Marina, no vessel movement will be allowed and tenders are only allowed within marina boundaries.
- Abu Dhabi Coast Guard may conduct a security inspection of Yas Marina, or any vessel berthed within it, any time on or after 20 November.
- From the Monday 28 November, all vessels are free to enjoy Abu Dhabi waters, but of course remain subject to all local and federal regulations.
- Parking at Yas Marina from Thursday 24 November until Sunday 27 November will be limited to parking pass holders only. Valet parking will be available at a fee.
- Use of personal water craft (jet skis etc.) and personal transporters (Segways) is strictly prohibited within and around Yas Marina.
- No buggies (golf carts) are allowed at the marina except those belonging to Yas Marina. Prior booking of Private Buggies is available through the sales team.
- Delivery times are between 6 - 11am and will be strictly enforced from Thursday 24 - Sunday 27 November
- No external caterers are permitted to access the marina except those listed as approved suppliers.
- Any catering trucks not belonging to one of our official caterers will not be allowed access to the marina even during allowed delivery hours.
- All Yas Marina guests must wear their 'Guest Pass' outside of their clothing at all times while on the marina.
- There is no music permitted after 2am every morning. This is in order to accommodate you neighboring vessel guests and the Yas Viceroy guests.

Plan Your Journey

As part of your race week berth package you are eligible to berth at Yas Marina from **Sunday, 20th November until Monday 28th November, 2016.**

Due to the popularity of this international motor sports event, there will be high levels of traffic and security both getting to and whilst on the island. We advise you to plan your arrival and make the most of the full week of berthing, arriving with plenty of time to get security clearances and also get set up for the weekend ahead.

ARRIVAL: ACCESS BY SEA

The safe operation of a vessel is the sole responsibility of the vessel operator. Vessel operators are advised to review all available charts and pilot information necessary for the safe passage of the vessel. The information provided below is to be used simply as reference and must not be relied upon for navigation purposes. All information should be verified by the vessel's master prior to making the transit from the Arabian Gulf to Yas Marina.

- The most direct route from the Arabian Gulf to Yas Marina is to enter Abu Dhabi inner-coastal waters at Mina Zayed and transit southeast through the Umm Al Nar Channel towards Yas Island.
- Continue along that same course for approximately 6.5 n.m., and enter the Yas Channel at the intersection of Balrimayd Island and Al Sammaliyah Island. When entering Yas Channel please respect the cardinal markers.
- Continue within the channel bearing south-southeast until passing the Aldar HQ building (large round coin shaped building) on your starboard side.
- Continue past Al Raha Beach and Al Bandar residential communities (three large residential towers that looks like steps into the water), respecting the wake free zone.
- You will then see the visitor berth of Yas Marina ahead of you to the left. Call the Yas Marina office on VHF Channel 8 and notify of your arrival. Once you get the OK from Yas Marina you can proceed to enter the marina.
- Continue past this and turn left at the marina entrance. Please ensure that the captain of the vessel navigates within the channel buoy especially at Yas channel buoy number one.

VESSEL CLEARANCE PROCEDURES

All vessels visiting Yas Marina during the period from Wednesday 23 to Monday 28 November, 2016 will be subject to inspection by the Critical National Infrastructure Authority (CNIA). Foreign-flagged vessels will also be subject to customary international yacht clearance procedures (Customs, Immigration etc.)

The ‘Inspection Pier’ is located on the western side of the entrance to the Khawr al Bighal Channel (also known as the Umm Al Nar Channel) outside the port of Mina Zayed (approx. 24° 31.8’ N, 54° 23.6’ E) and is protected by a newly constructed seawall (not referenced on navigational charts). A Coast Guard vessel will be stationed near the pier to further direct visiting vessels.

As per federal law, please pass by Mina Zayed Port before 6pm.

Vessels exceeding 90 m in length may be required to ‘stand off’ the berth and either send a tender into shore to transport the government representatives to the vessel, or be prepared to be boarded.

Before Arrival at Yas Marina

- Two hours before arrival at the Inspection Pier, registered vessels shall contact the Port of Mina Zayed on VHF Channel 67 and advise it of their Estimated Time of Arrival.
- CNIA will direct the vessel to a specific berth alongside the Inspection Pier.
- Once secured at the berth, CNIA may conduct an inspection (including underwater inspection if deemed appropriate at that time), and issue a ‘Clearance Sticker’ to the vessel, which needs to be clearly visible.

Departure From The Inspection Pier

- Registered vessels may depart the pier and sail directly to Yas Marina.
- All vessels will be required to comply with Safe Boating Regulations (speed within the Channel and maintaining safe distances between vessels) issued by the Abu Dhabi Department of Transport and other governmental agencies.
- Once the vessel leaves the Inspection Pier, please contact the Yas Marina Team on VHF 8 and advise on vessel’s estimated time of arrival.
